

## CrowdStrike Named a Leader in 2024 Gartner® Magic Quadrant™ for Endpoint Protection Platforms for Fifth Consecutive Time

*CrowdStrike positioned furthest for Completeness of Vision and highest for Ability to Execute among all vendors evaluated in the report*

AUSTIN, Texas--(BUSINESS WIRE)--Sep. 25, 2024-- [CrowdStrike](#) (NASDAQ: CRWD) today announced it was named a Leader in the [2024 Gartner® Magic Quadrant™ for Endpoint Protection Platforms \(EPP\)](#) for the fifth consecutive time. For the second time in a row, CrowdStrike was positioned furthest right for Completeness of Vision and highest for Ability to Execute among all vendors evaluated.

The [CrowdStrike Falcon® cybersecurity platform](#) continues to redefine endpoint protection with unparalleled AI-driven threat prevention, detection and response. CrowdStrike's single-agent, unified platform addresses the growing demands of modern enterprises to consolidate cybersecurity, enabled by its products including identity protection, cloud security, IT automation, next-gen SIEM and more.

"CrowdStrike pioneered AI-native endpoint protection, and continues to innovate to meet the evolving demands of global customers," said Michael Sentonas, president of CrowdStrike. "Our data-centric, single-agent and console platform drives vendor consolidation, removes complexity and stops breaches. We believe this recognition underscores our ability to deliver comprehensive visibility and real-time protection across the enterprise, setting the standard for modern cybersecurity and ensuring customers can secure their critical assets."

### Cybersecurity's Innovation Pioneer

CrowdStrike continues to innovate its endpoint protection and platform capabilities. At the [Fal.Con 2024](#) customer conference, CrowdStrike unveiled CrowdStrike Signal, a new family of AI-powered engines that intelligently groups related security events and alerts into actionable insights with a self-learning model tailored to specific environments, improving analyst efficiency and reducing the risk of missed detections. CrowdStrike also announced new [Falcon platform innovations](#) that bolster its cloud security, identity protection, next-gen SIEM, exposure management, Charlotte AI and Falcon for IT capabilities. With the Falcon platform, CrowdStrike unifies end-to-end security and IT operations to remove complexity and stop breaches.

In June, CrowdStrike was [named](#) a Customers' Choice in the 2024 Gartner Peer Insights™ 'Voice of the Customer' Endpoint Protection Platforms report, with a 99% Willingness to Recommend score based on 524 overall responses as of April 2024.

### About CrowdStrike

[CrowdStrike](#) (NASDAQ: CRWD), a global cybersecurity leader, has redefined modern security with the world's most advanced cloud-native platform for protecting critical areas of enterprise risk – endpoints and cloud workloads, identity and data.

Powered by the CrowdStrike Security Cloud and world-class AI, the CrowdStrike Falcon® platform leverages real-time indicators of attack, threat intelligence, evolving adversary tradecraft and enriched telemetry from across the enterprise to deliver hyper-accurate detections, automated protection and remediation, elite threat hunting and prioritized observability of vulnerabilities.

Purpose-built in the cloud with a single lightweight-agent architecture, the Falcon platform delivers rapid and scalable deployment, superior protection and performance, reduced complexity and immediate time-to-value.

CrowdStrike: We stop breaches.
